

Tork Universal Napkins

**One napkin.
Every time.**

One napkin. Every time.

Tork Universal Napkins Interfold is a new system that offers one-at-a-time dispensing and versatile placement options. We know that food service environments are not all the same when it comes to napkin requirements. Whether you prefer countertop napkin dispensing or a space-saving wall mount dispenser, Tork offers three convenient dispensing options, providing a simple solution for every need.

High impact advertising space

Our wall and stand mount dispensers are designed to offer you the added benefit of prime advertising space. The dispensers display your message precisely in the line of sight of customers for high impact.

The new, modern design of our countertop dispenser is both smart and attractive. It is more convenient for your customers to use and discreet buttons open the dispenser for quick and painless refilling.

Swift and hygienic for your customers

Efficiency and hygiene are important to your guests. Faultless delivery one napkin-at-a-time means you touch only the napkin you use, improving personal hygiene and peace of mind. The practical, angled dispenser ensures quick, effortless napkin dispensing to your customers, every time.

Your benefits

- ▶ One napkin at-a-time dispensing, every time
- ▶ Significant cost in use savings and waste reduction
- ▶ Prime advertising space for high impact
- ▶ Versatile dispensing options to meet your needs
- ▶ Less refilling and service cost reduction
- ▶ Improved personal hygiene and peace of mind – touch only the napkin you use

One at-a-time dispensing reduces napkin usage and costs significantly while increasing customer satisfaction. Its practical high capacity minimizes labour time, making Tork Universal Napkins Interfold an easy choice for any foodservice establishment.

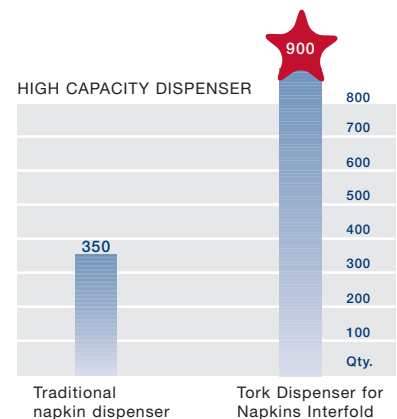

Cost-effective one napkin at-a-time dispensing

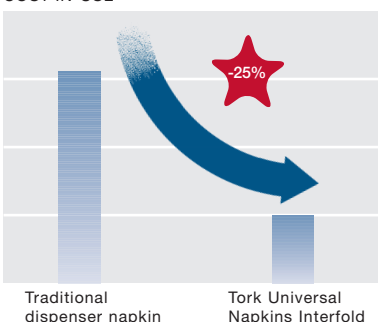

Food service establishments agree that napkin waste and maintenance costs of traditional napkin dispensers is higher than preferred. Tork reduces napkin usage significantly by providing one napkin at-a-time dispensing for impressive cost in use saving.

High capacity = less maintenance
